Made.

The Jamestown Exposition Commissio of the State of Virginia met at the office of Governor Swanson yesterday morn ing at 19 o'clock, and continued the business session throughout the day.

One of the matters of special interest the commission was the appoint before the commission was the appointment of a lady member, a matter which has been under consideration for some time. The commission decided that as Mrs. Swanson, the wife of the Governor of Virginia, was as such the hostess for the State, and that as her duties would be very exacting, she be authorized to name as many assistants as she may deem necessary to add her in the discharge of her duties as hostess, and that one of her assistants shall remain at the Virginia Building and have control of Virginia Building and have control of it, under direction of the commission, the salary of this assistant being fixed by a unanimous resolution at seventy-five

Space for Counties.

Among other business coming before the commission it was decided to give 2,100 out of the 3,500 square feet that the commission has for exhibit purposes to the counties of the State, furnishing space free to them. Each county is to provide its own exhibit and pay for the installation. The axhibits apace is to be divided between the counties that apply before February 1st, in proportion to oppulation. This time limit is absolute, and is made by the commission in order to allow sufficient time for the allotment of space and the preparation and installation of exhibits Governor Swanson, chairman of the commission asks that special attention be called to the importchairman of the commission, asks that special attention be called to the importance of each county acting promptly in the matter in order to get their application in the hands of the commission by February iz. The counties applying will be promptly notified at to the amount of space allotted, and may immediately proceed to collect and install their exhibits. Thirteen counties have already made appropriations for exhibits, and it is asked that others will act promptly. The State of Virginia will furnish employes to look after these exhibits without charge.

The commission passed a resolution serting aside SO square feet for a peanut exhibit, and entered into an agreement with those engaged in the peanut industry in the State, by which they were to furnish material and pay one-half the cost of installation of same, the commission agreeing to pay the other half. As Virginia leads in peanut raising, and in the manufacturing of peanut products in the world, this exhibit will be one of unusual interest.

a creditable exhibit on the part of the State is now assured.

The Virginia State building is nearly completed, and a special committee, consisting of Colonel W. W. Sale, of 50orfolk, and Captain W. W. Baker, was appointed to precure furniture. An appropriation of \$500 was made by the commission to have prepared maps of Virginia showing territory settlements and cities at various important epochs in the history of the State.

prepared maps of Virginia snowing territory settlements and cities at various importan epochs in the history of the State.

The purpose is to have a map showing the population and physical condition of Virginia at each crisis in her history. A map at the time of the formation of the House of Burgesses, a map thowing the characteristics and settlements in the State at the time of Bacon's Rebellion, one at the Revolutionary War, one showing conditions following the Revolution and before Virginia ceded its great Northwest territory to the Federal government; the conditions prior to the Civil War, and a map showing present conditions, thus illustrating the water-power, population, growth and development of the State in 300 years.

The department which has charge of Confederate records, and which is preparing a Confederate history of Virginia, under direction of Major Robert Hunter, is requested to prepare a special map of Virginia, showing the battles of the Civil War fought on Virginia soil, with their dates and number of men engaged on each side. This map will give in complete and concise form the nistory of Virginias.

Daughter of Duc de Morny, Wrote Play and Acted in It. Mme. Gauthier-Villars, Who Collaborated, Driven From Moulin Rouge.

PARIS, January 3.-There was a remarkable scene to-night at the notorious Moulin Rouge, when the Marouise de Morny, a daughter of the famous Duke de Morny, and niece of Napoleon III., made her debut in an act called "A Dream oration with Mme, Gauthier-Villars, the author of "Claudine, and other decadnt novels.

The marquise, who is the divorced wife of Marquis de Belbuf, has already achieved an unenviable reputation, and achieved an unenviable reputation, and her heralded appearance on the stage brought out a storm of criticism. To this the marquise replied in a letter published to-day, denying that her performance was intended to be suggestive, and insisting that she meant to give an artistic reproduction of the manners of ancient Egypt. In defending her appearance on the stage the marquise says; "This does not constitute a disgrace to the French arisfocracy and a distinguished scion of this aristocracy. The Prince de Brogle has been earning his living for some time past by conducting an orchestra in New York."

In spite of this statement, a number
